## 1. Chapter 1 even devils have hearts

\_\*\*Jisuka in new circumstances\*\*\_

\_\*\*Chapter even devil's have hearts\*\*\_

\_\*\*Disclaimer I do not own the tekken series they are owned by namco (cannot wait for tekken 7)\*\*\_

\_\*\*Date written 7th April 2016\*\*\_

\_\*\*Setting the scene after tekken 6 Jin killed Azazel to free himself of the devil gene he is now in a hospital bed and without further ado here it is\*\*\_

\_\*\*Jin's POV\*\*\_

\_Jin Kazama was an extraordinary being his fighting prowess rivalling Gods and devils for example his father Kazuya Mishima (long story). This is what made his awakening in a hospital absurd. It all came back to him. He sacrificed himself to kill Azazel and rid himself of the devil gene. He checked his arm to see if his sacrifice was in vain. He saw that he still had the devil's brand on his arm this was not good.\_

\_He punched a hole into the wall wishing the devil away and strangely it seemed to work. Black smoke escaped his arm and it took the form of devil Jin. He wasted no time in dropping into his stance and before they knew it Jin had already launched a kick at the devil's face. Devil Jin caught Jin's foot and threw him back "I do not want to fight Jin" the devil exclaimed. "Nonsense" Jin cried. "You are a selfish, power hungry being who only cares about himself" Jin yelled.

"In the past few but no more" Devil Jin said. "After you killed Azazel I was weakened enough for the angel gene in your system to take influence" devil Jin explained. Jin was confused as far as he knew the angel gene didn't exist. "It's a dormant gene you inherited from your Mother dormant because of me" devil quickly explained seeing the look of confusion on the young Kazama's face. "So what now?" Jin asked. \_

"\_We can either be separate beings where I offer assistance or merge giving you my power to boost your existing power" Devil Jin explained\_

"\_So what do I call you know" Jin asked. "Call me Nagani" Devil answered\_

\_\*\*Asuka's POV\*\*\_

\_Asuka was pissed. Her new enemy Emilie de Rochefort had a lot of nerve first she picks a fight then sets her up with Hwoarang. Sure he was kinda cute but he was also insufferable but she needed someone in her life and she didn't have many options so she called Hwoarang to ask if he wanted coffee.\_

\_\*\*Well that's chapter one for ya itll be longer next time. U knoe I am a huge Tekken fan and they really should tell the story of Asuka and Jin I mean they have the same last name and that's not explained.\*\*\_

\_\*\*Anyway reviews are welcome\*\*\_

## 2. The blood talon and the cursed being

\_\*\*Jin X Asuka in new circumstances\*\*\_

\_\*\*Chapter 2 The bronze haired Korean and the cursed being\*\*\_

\_\*\*Disclaimer i do not own tekken\*\*\_

\_\*\*Asuka's POV\*\*\_

\_Well today Asuka Kazama was going to die, she was going on a date with Hwoarang (I guess his last name is do san). She really didn't want to but she had few options these days. She tried to sleep but was quickly woken up by the roar of an engine "Asuka it's for you" Mr Kazama called up. Asuka got changed into her fighting attire just in case. She came down and saw Hwoarang "hey babe" he greeted grinning.\_

"\_Let's just get this over with" Asuka sighs. She stepped outside. "Oh yeah I forgot to get you a booster seat didn't I"Hwoarang said teasng her. " Oh shut up" Asuka replied hitting him the in head. "OW SUKA"Hwoarang yelled a bit to loudly. "Just get on the stupid bike" Asuka said plopping herself down on the front of the bike. "Oh hell no I DRIVE" Hwoarang now looked pissed. Asuka smirked and turned the bike on. Hwoarang tried to push her of untill they were both eventually standing on either side of the bike. "Just let go DAMNIT" they both yelled "HELL NO"they both yelled back. Their hearts skipped a beat when they released they were holding the accelerater " oh

shiii-Hwoarang yelled. The bike was flying forwards with both of them hanging on the sides "THIS IS ALL YOUR FAULT" they both yelled at each other. They eventually crashed into the coffee shop. "Your buying me a new bi- he couldn't say more as Asuka had grabbed his face and threw him into the air that'll shut him up Asuka smirked. With nothing to do she walked into the shop. She was about to order untill Hwoarang fell through the roof and right in front of her. "GODAMNIT KAZAMA" \_

\_Hwoarang yelled. "Hey I didn't make you faceplant on the floor idiot" \_

\_A voice said behind him. Asuka saw a devilishly handsome man who happened to be the billionaire Jin Kazama. "I wasn't talking to you but now you've made me mad" Hwoarang wasted no time launching a series of lightning fast kicks at him which Jin dodged with ease. Jin tired of this and grabbed his foot, shoving it into the wall. Now Hwoarang was on one leg his other being shoved into a hole in the wall. Jin smirked before performing a clothesline pulling Hwoarang's foot out by force. "AHHH YOU BROKE MY LEG IM SUING YOU FOR THIS" Hwoarang screamed "im rich I can handle it" Jin shrugged. Jin bought a coffee and sat down in the corner on his own. Asuka decided to sit down with him \_

\_\*\*Jin's POV\*\*\_

Jin saw the girl he guessed was the reason Hwoarang was here and he was not gonna lie she was kind off attractive. "If I were you I'd break up with him straight away" Asuka smiled "I would but I kinda need someone in my life and Hwoarang is kinda the closest I've got" Asuka said. "\*\*If i were you I'd ask her out" Nagani said in Jin's head\*\* "So what if you had someone else" Jin asked.

"I'd dump Hwoarang straight away no questions asked" Asuka said in an instant. "Well here I am my names Jin" He said "My name's Asuka" Asuka said smiling again. Jin handed her a business card "my phone number and my address, if you want to visit call first. Asuka nodded grinning. "Anyway I gotta go" Jin left money on the table to pay for both their drinks got on his bike and rode of. He met Nagani back at his mansion. "So was she pretty" Nagani inquired. "Yeah very but you already knew that" Jin mused. "You know you gotta thank Hwoarang" Nagani said.

"Oh shit you're right".

\_\*\*For those who are confused Nagani is devil Jin turned good and they can speak telepathically. Im still a huge Tekken fan and really want to play tekken 7. Also I apologise to Hwoarang fans I did make him seem like a little bitch but when Jin and Hwoarang are In the same story its one or the other\*\*\_
